

Summer Camp Set to Start Thanks to Impact 100 Palm Beach County

Thanks to a \$100,000 grant from Impact 100 Palm Beach County, Lake Worth West Resident Planning Group will offer a free summer camp and afterschool program for middle school youth in our community.

The funding will pay for 40 youth to attend an eight-week camp – from June 11-August 10 at our center at 4730 Maine Street in Lake Worth – that will focus on health and wellness. In addition, once the camp ends, the grant will enable these and other middle school students to gather after-school at our center to complete homework, get tutoring, and be involved in activities close to their home.

These funds will pay for teachers and assistants to supervise the children and emphasize nutrition, academics, and staying focused on the future.

“This funding is a huge accomplishment for us,” said Rhonda Rogers, executive director of Lake Worth West Resident Planning Group. “We’ve had plenty of activities for children in elementary schools and high schools but not for those in middle school. Now we’ll be well-rounded to offer programs to all of the children in our community.”

Again, the new camp is free. Lake Worth West Resident Planning Group will be providing lunch, snacks, and educational and fun fieldtrips. There is a \$50 per child registration fee.
