

Parent-Child Home Program

Lake Worth West Community Center offers the [Parent-Child Home](#) program through our partner Literacy Coalition of Palm Beach County. The program's staff visit homes to promote verbal interaction, parent-child bonding, and school readiness skills for young children. The program focuses on making sure children enter school ready to succeed because their parents have the knowledge and resources to build school readiness where it starts: the home.

To learn more about the Parent-Child Home program, please contact our Site Coordinator Blanca Cartagena at 561-530-4365 or at bcartagena@lakeworthwest.org.
