

# New Grant Supports Our Summer Camp

Our summer camp for elementary and middle school children is about to start – thanks to the support we recently received from the [Jim Moran Foundation](#).

The foundation gave us a \$30,000 grant to help us pay for the camp, which goes from June 10 -July 19 and is available for up to 50 children.

“We are so grateful to the foundation – thank goodness for them,” said Rhonda Rogers, executive director of Lake Worth West Resident Planning Group.

The new funding will replace the \$100,000 grant from Impact 100, which ended on May 31.

Our camp runs Monday through Friday from 7:30 am – 5:30 pm, and offers field trips, STEM education, and many other activities.

To learn more about our camp, contact us at 561-649-9600.
